

# American Council of Engineering Companies of Illinois

**Yearly membership starting as low as a P.E.'s salary for 1/2 day!**

**You're smart!** You worked hard to get where you are today and you take pride in making responsible decisions for your company.

**You're intelligent!** You know there's strength in numbers when your industry speaks as one voice. And when your industry is strong, your company rides the wave!

**You're sharp!** You know you can ride that wave for free and let others speak for you, but it's far better for your business to have a voice at the table.

**You're analytical!** So below is the cost of membership compared to the cost of a PE for one day.
